

## Preposition Proposition Worksheet

The first thing to do in this activity is to fill in examples of prepositions that go in each column. Brainstorm with your child and come with at least 5 in each column. Answers are provided below.

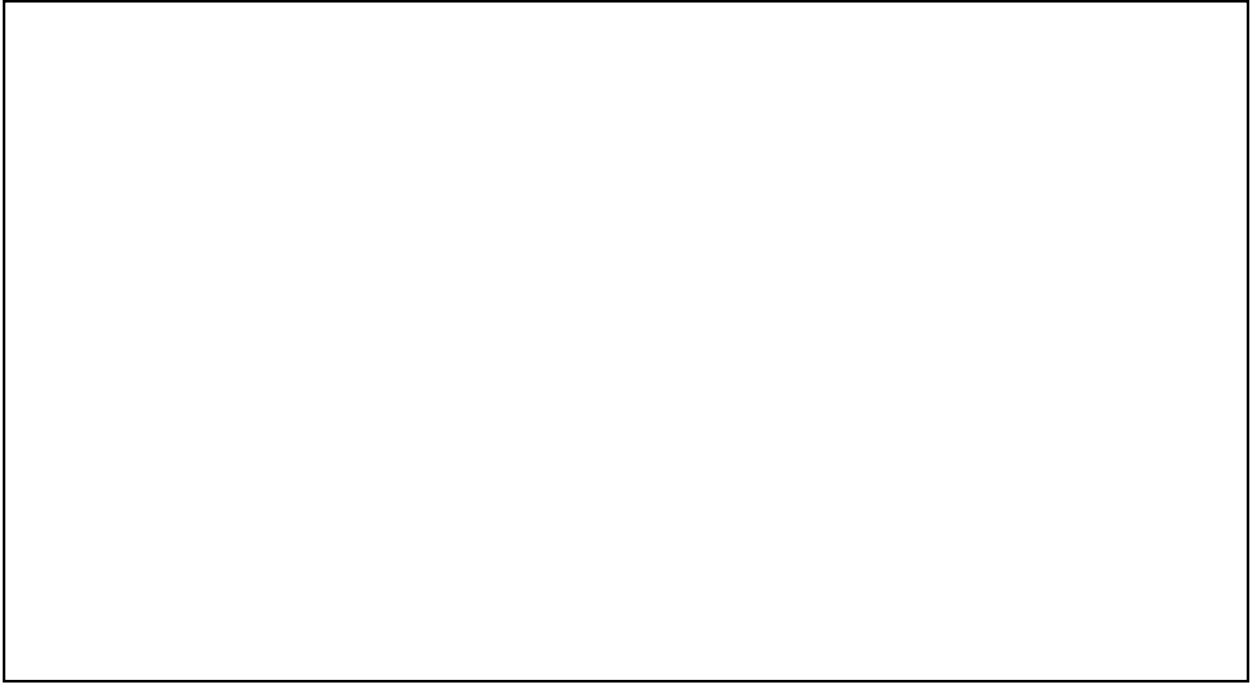

<b>Time</b>	<b>Position</b>	<b>Direction</b>	<b>Other</b>

Now, for each preposition, form a sentence using it. Humorous sentences are encouraged!

### **Time**

## **Position**

## **Direction**

**Other**

A large, empty rectangular box with a thin black border, occupying the upper half of the page. It is positioned directly below the 'Other' label.

Do not let your child see this page!!

I have proposed 5 per column. You can find others that belong in each column with a search online.

Time	Position	Direction	Other
At After Before During Since	In On Under Above Over	From To Around Towards Through	By With For Of About

I show below a sentence for one preposition from each column. Coming up with sentences for the rest with your child should be relatively easy.

The greedy boy ate the chocolate pudding **at** 3 o'clock.

The troll lived **under** the bridge.

The angry bear charged **towards** the cowardly lion.

The lazy girl tickled the dog **with** her pinky toe.
